

OPERATING INSTRUCTIONS - EMTEC USB ACCESSORIES (for all models)

1. Checking

Initial Inspection:

- **Cable or HUB Quality:** Check that the USB cable or HUB has no visible damage, such as cuts, excessive bending, or bent connectors.
- **Compatibility:** Ensure the cable or HUB is compatible with your devices USB or HDMI.
Review the specifications to confirm the USB or HDMI version.
- **Brands and Certifications:** Choose products certified by safety organizations such as CE, FCC.

Checking the USB Version:

- USB versions determine transfer speed and power:
 - USB 2.0 :** Speeds up to 480 Mbps.
 - USB 3.2 gen1 :** Speeds up to 5 Gbps
 - USB 3.2 gen2 :** Speeds up to 10 Gbps.
 - USB 3.2 gen2x2 :** Speeds up to 20 Gbps.
 - USB4 :** Speeds up to 40 Gbps.

2. Usage

Proper Connection:

- Always connect gently to avoid damaging ports or connectors.
- Avoid angled connections or forcing the insertion.

Managing Charging and Transfers (USB only):

- **For Charging:** Ensure the cable and device are suitable for the required power.
Using an undersized cable can cause overheating.
- **For Data Transfers:** Do not disconnect the cable during an active transfer to prevent file corruption.

Using USB or HDMI HUBs:

- Connect devices compatible with the available power and bandwidth (Gbps).
- if the HUB is unpowered (without an external power adapter),
avoid connecting too many power-hungry peripherals (such as external hard drives).

3. Maintenance and Storage

- Wrap cables without excessive bending to prevent breakage.
Use cable ties to keep them organized.
- Store cables and HUBs in a dry place, away from moisture and dust.

4. Troubleshooting

Detection Issues:

- Try another port on the device.
- Use a different cable or HUB to identify whether the problem is with the accessory or the port.
- Check that the cable is not damaged.

MANUFACTURER DECLARATIONS

USA	<p>FCC Statements This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this device.</p> <p>NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> -Reorient or relocate the receiving antenna. -Increase the separation between the equipment and receiver. -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -Consult the dealer or an experienced radio/TV technician for help 	
Canada	<p>ICES-003</p> <p>This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.</p> <p>Le présent appareil est conforme aux CNR d'Industrie Canada applicable aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.</p>	
Australia New Zealand	<p>RCM</p> <p>Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure</p>
